

Aprilaire 1213 upgrade kit for Model 2200 Air Cleaners manufactured 1973 - 1985

The 1213 upgrade kit is designed to convert the Model 2200 Aprilaire air cleaner from a MERV 10 filtration system to a MERV 13 filtration system. Model 2200 air cleaners manufactured between 1985 and 2009 have rails inside the outer housing cabinet for the upgrade kit to lock to. The 1213 upgrade kit can still be utilized in Model 2200 air cleaners manufactured between 1973 and 1985 which do not have the rails in the outer housing. To use the 1213 upgrade kit in these models simply install the upgrade kit using (4) - 1/2" long sheet metal screws as shown below. Once the upgrade kit is installed, slide in the stock number 213 filter. Ensure that the tracks of the upgrade kit do not rest upon the filter orientation guides.
